**Soil-Tech, Inc.** has been in business for over 23 years. As a 100% Women owned and Historically Under Utilized Business (HUB), we are committed to providing excellent service in a timely manner. We understand that time is money. Soil-Tech has worked on many TX DOT, Federal, and commercial projects throughout the years.

What sets Soil-Tech, Inc. apart from our competitors is our performance, experience and knowledge based results. There is no project too big or too small for us to undertake. Soil-Tech primarily works in the South Texas region, specializing in TX DOT, Federal, and Commercial Projects. We are a member of the International Erosion Control Association, IECA, and keep up to date with the latest in erosion control innovation. Soil-Tech is also a full service landscaping and irrigation company. Our company is fully insured and has an EMR rating at .9.

Our work history includes many projects ranging from \$8,000.00 to over 1 million dollars worth of work. We are proud of our solid reputation, bringing in over 30+ years of project experience from our hardworking loyal team members.

*"We have subcontracted work to Soil-Tech, Inc. on virtually all projects that require temporary sediment control fence (Silt Fence, Inlet Protection), including drill seeding or hydro mulching and landscaping at the project completion. Soil-Tech is a TX DOT certified DBE subcontractor and is well known for their quality of work, performed in a professional and timely manner. We have used Soil-Tech, Inc. on all our projects that require Storm Water Protection &/or Landscaping. All projects have been completed on time and in a professional manner, with no call backs or complaints from project owners. I would highly recommend Soil-Tech, Inc. for any projects requiring SW3P or Landscape work."*

*Bill Callhan, Project Manager -McAllen Construction*
